

Five-minute quick start

- | | |
|---|--|
| 1 | Set up the project
Move date, homes, currency, and unit. |
| 2 | Measure the full route
From the old-home exit to the destination room. |
| 3 | Add the largest furniture
Review entry, room fit, and usability. |
| 4 | Plan tasks and boxes
Let the dashboard identify the next action. |
| 5 | Export and back up
Save JSON and print the command sheet before move day. |

Purchased but can't activate?

1. Check the license key and extra spaces. 2. Check the internet connection. 3. Retry after a short wait. 4. Use the production support contact shown on the sales page.

License verification needs internet; moving project data remains in the browser.
